

❄️ 2025 Winterizing & Storage Information

All Marine Motorsports & Barrington Boat Company

As fall approaches, we're excited to roll out our 2025 Winterizing Program & Pricing — now with more convenience, better service, and expanded support across our growing locations.

📍 New Winterizing Locations

To help ease the **influx of boats needing winterization**, we've added **McHenry** as a dedicated winterizing hub, alongside our **Fox River Grove** site — giving you more options, faster turnaround, and locations closer to home.

👥 Expanded Staff Support

We've increased staffing across our locations to streamline service and paperwork:

- **Barrington** – Added staff
- **Fox River Grove** – Added staff
- **McHenry** – Fully staffed
- **Cary** – Limited staff

📅 Scheduling & Appointments

Please **call or stop in** to schedule — service is handled first-come, first-served.

⚠️ **Important:** Your boat will not be winterized unless you call or stop in to schedule service — so **please don't miss your appointment.**

- **Miss your appointment?** You'll move to the next available spot.
 - **If we need to reschedule your appointment?** You'll receive priority service to make it right.
 - **We ask that you please keep your appointment date** so our team can stay on schedule.
-

Important Customer Responsibilities

To ensure smooth and safe winterizing service:

- **Personal Items** – Please remove all personal belongings from your boat. We are not responsible for lost or damaged items.
- **Batteries** – If you wish to remove your batteries for the season, please do so and let us know. We will use our own shop battery to complete winterization.
- **Covers** – If you plan to take your cover for the season, please remove it. We will place a temporary cover on until your boat is shrink-wrapped.
- **Keys & Fuel** – Make sure we have your boat keys and at least ¼ tank of fuel. A **\$50 fee will apply** if keys or fuel are not present.
- **Trailers** – If we are using your trailer:
 - Plates must be current
 - Lights must be operational
 - A **\$50 no-plate fee** and **\$50 no-light fee** will apply. (Light fees can be applied toward repairs to make your trailer safe for transport.)
 - We will also perform a **visual trailer inspection** and note any issues.

Lift Repair & Cover Removal

For lift repair or seasonal cover removal, we partner with **Precision Shoreline Services**, dedicated to the Lower Fox River.

 Call **224-777-3055** for their professional shoreline services.

One Number for All Locations

847-639-7403

(We'll transfer your call to the right team if needed.)

Now Featuring: Landau Tritoons

Check out the latest Landau Boats lineup — known for top-tier craftsmanship, luxury comfort, and smooth performance.

Experience why they're the best in Tritoon boating.

Coming Soon: Customer Loyalty Program

We're working on an exclusive loyalty program for customers who complete **all their services** with us.

Perks will include discounts on:

- Service & Winterizing
- Dock Shop Purchases
- Fuel
- Our Restaurants & Bars
- Banquet Room Rentals

Stay tuned — more details will be announced soon!

Looking Ahead

With expanded staff, new locations, and premium boat brands, All Marine Motorsports & Barrington Boat Company are committed to making your winterizing process smooth, efficient, and stress-free.

Thank you for trusting us with your boat.
Let's make this the best offseason yet.
